Experience

Freelance Graphic Designer & Photographer

2011-Current

- Photographed family events, family portraits, couples, engagements, weddings, and landscape photography.
- Designed invitations, greeting cards, and wedding websites.
- Printed, cut, and mailed greetings cards and wedding invitations.

Household Manager & Stay at Home Mom

2019-Current

- Managed a schedule for a family of three and four pets. Kept family and pets on task throughout the day to keep the household on schedule.
- Planned and cooked nutritious meals.
- Created a weekly cleaning maintenance schedule.
- Taught a small child emotional awareness, conflict resolution, and social skills.

Pier 1 Imports - Web Production Specialist

Nov 2017 - March 2019

- Used HTML and CSS to build Pier 1 's homepage.
- Built emails for Pier 1 in Oracle Responsys and created custom dynamic content using CSS and Responsys Personalization Language.
- Used Adobe Photoshop to slice, crop, and optimize images for use on Pier1.com and in Pier 1 's marketing emails.

Southwest Airlines - Contract Culture Services Coordinator

June 2017 - Nov 2017

- Used online event management tool to build and test new web event sign ups and alter pre-existing ones.
- Edited photos in Photoshop to be printed and displayed.
- Created graphics in Illustrator to be printed and displayed at employee appreciation events.

Southwest Airlines - Multimedia Developer Intern

January 2017 - May 2017

- Developed, designed and tested online training modules and job aids.
- Developed multimedia distance learning modules for training purposes in Storyline.
- Edited photos in Photoshop for use in online training.
- Designed custom graphics in Illustrator for use in online training.

FedEx Office - Center Consultant

March 2015 - December 2016

- Set up files for printing using Photoshop, Illustrator, and InDesign.
- Advised customers on the best materials for their projects to be printed on such as the paper for resumes, photos, presentations, and business cards, as well as different types of signs such as vinyl, acrylic, metal, PVC, and foam board.
- Assisted customers with packing and shipping.

Office Depot - Copy and Print Specialist

December 2013- March 2015

- Designed custom business cards, flyers, and forms in Photoshop and Illustrator.
- Advised customers on the best materials for their projects to be printed on such as the paper for resumes, photos, presentations, and business cards, as well as different types of signs such as vinyl, PVC, and foam board.
- Assisted customers with packing and shipping.
